### Invest In A Child

---

Invest In A Child is WFCA's main fundraiser. The goal is to enrich our students' experience by providing funding to enhance curriculum, technology, athletics, and more. With the participation of all WFCA families, this will be our only fundraiser for the year.

Participation ensures that WFCA will continue to provide superior opportunities for our children.

At WFCA, students can learn and flourish in a unique environment, at no cost. Your family's support helps to continue this atmosphere of excellence.
